WOOD BEAMS[®]

MANUFACTURER OF:

FINISHED WOOD BOX BEAM CEILINGS.

ENABLING THE CEILING EVOLUTIONSM.

This document is intended to provide mood-shots of Custom Wood Beams manufactured and installed ceilings. The captions below each image typically describe the room, species, surface preparation techniques and finish style or color. Images tend to be the most useful way to help a home-owner make a decision. It shows actual product in its final form, surrounded by a fully furnished and decorated room. It also shows how outstanding our designs and work truly are, and why more-and-more designers and contractors rely on us.
